WiFi & Entertainment

- WiFi network: **BlessingsHome** — password shared at check-in
- WiFi switch is on the TV-unit panel — keep the **left-most switch always ON**; router sits in the glass shelf below the TV (blue light = working)
- 65" smart TV (ground) & 42" TV (top) — Netflix, Prime Video, Disney+ signed in
- Two office-cum-bedrooms, one on each floor, for remote work

Kitchens

- Two full kitchens — ground & top floor — gas stoves, fridges, chimney (ground)
- Pressure cookers, kadais, dosa/appam pans, puttu kudam, idiyappam press
- Crockery & serving ware in the glass showcase — please handle with care
- Water dispensers on both floors; microwave on ground floor

Water Motor — Please Take Note

- Switching on the motor for the overhead tank? **Set a 10-minute mobile timer** and switch it off the moment the timer rings
- One person stays at the motor switch the whole time — leaving all other work
- Please don't forget it running — it is **very expensive**

Around the House

- 4 air-conditioned bedrooms (2 per floor) — switch off ACs when out
- Washing machines on both floors
- Inverter backup covers the **ground floor only**
- Open terrace, a balcony sitout upstairs and a long sitout below it — lovely at sunrise and in the rain
- Free front-yard parking — space for 5+ cars; pets are welcome

Waste Disposal

- **Food waste** — concrete ring pit in the backyard
- **Paper & dry leaves** — burning corner near the compound wall
- **Plastic & bottles** — bag separately; we'll guide you at check-in

> Please don't put plastic in the food-waste pit — it ruins the compost.

House Rules

- Freshly painted home — no drilling, nails or taping on walls & pillars
- No loud music after 10 PM — we have lovely neighbours
- Smoking outdoors only
- Damages & breakages are charged at actual cost
